MESA MAN OFFERS SITE FOR HOTEL

MESA, Feb. 15.—The Mesa Commercial club held a live session Tuesday night. It was rainy and a number of the members had gone to Phoenix on matters Masonic, yet there was a goodly number present to partake of an excellent dinner at the American Kitchen. Following this the members adjourned to the club rooms for the business of the evening.

It was "hotel night." Mesa men above all other things a high-class hotel and the club had decided to get busy on the proposition. O. S. Stapley, J. G. Spangler, W. M. Beach, J. J. Fraser and Edwin LeBaron were appointed a committee to suggest some definite plan and report to a called meeting of the club on Thursday night of next week.

O. S. Stapley offered 100 by 165 feet off the southwest corner of the ball park, one block from the business portion of the town, for a hotel site. He stated that it was a business proposition with him and he considered as apart from any cash bonus to be raised from the town. The club stands ready to foster a movement for a cash bonus or any other reasonable plan if parties proving themselves thoroughly responsible want to talk hotel.

There is every probability of a railroad in the near future and this, with the fact that the city has a \$100,000 Mormon temple here, to which visitors and pilgrims will flock from all over the southwest, makes a hotel both a vital necessity and a paying proposition. Other business attended to by the club was the election to membership of L. E. Holcomb, Brown & Cliff, E. G. Attaway, W. M. Mitchell and the Gem City Garage.

COUNCIL PLANNING ADDITION
The Mesa city council, among other progress-making steps taken during the past year, is planning for a much needed addition to the city hall building. The present quarters for offices is in the basement and in one very small room is crowded the offices of the city clerk and the water department.

In case the city decides to purchase the Southside Gas & Electric company plant there will be other offices needed and the council is planning the expenditure of about \$5,000 in the erection of an addition which shall reach across and in front of the present building. The new quarters will be housed the various offices of the water company, the gas and electric departments. There will be a ladies' rest room, library room and quarters will be provided for the Commercial club. This will be a saving of money that could be used otherwise for at present the council has set aside \$20 a month for a library room and the club pays \$20 for its room. All of the foregoing depends on the purchase of the plant above mentioned.

WHO OWNS THIS CAR
The car on which the tire stolen from George Drew was found, and which was reported in yesterday's Arizona Republican, is yet without a claimant. A memorandum book found in the car had in it a working card bearing the name of Benjamin Aubin, a carpenter. Evidently Aubin is the owner of the car and he is expected to appear at the present of the council has set aside \$20 a month for a library room and the club pays \$20 for its room. All of the foregoing depends on the purchase of the plant above mentioned.

HANDS OFF, SAYS THE CLUB
Recently Aubin, owner of Gilbert and Principal Cordell of the Gilbert school appeared before the Mesa Commercial club and asked the club for an expression as to the plan proposed that the Gilbert school district be segregated so that a high school might be maintained there covering the full four years' course. A committee was appointed to report on the matter and at the meeting held Tuesday night it was decided that it was not within the province of the club to take any action, but that the question should be left to the voters at large.

AUTO COLLISION
A truck and an auto mixed it last night on South McDonald street and in the set-to the auto came off minus a wheel. The car was being driven by its owner, Elijah Pomeroy, and the truck belonging to the Gem City market, by William King. No one was injured.
